

Hiphop music project

Aims

- Build self confidence to express feelings,
- Get young people to work together and support each other,
- Progress musically,
- Have fun!

Outcomes

- Group name has been chosen by the group,
- Theme chosen for final track,
- Final track recorded and each person has a copy on their phone.

Project timing and numbers

- First 2 pilots to happen before Easter Half Term,
- Maximum number of participants is 8,
- If pilots successful, 12 week project from Easter till Summer holiday,
- 3.30 till 5 on Thursdays, every week,
- We bring our own equipment and remove after session.

Workshop leaders

Matthew Venn has been teaching and running workshops for 6 years. Playing games and having fun are an essential part of his facilitation. Matthew is a practising and performing musician, interested in conventional music as well as experimental, live instruments and computers.

Sam Alty is a professional musician and teacher who incorporates beat boxing and hip hop influences into song writing. Experienced working with disadvantaged teenagers, and has been running a regular improvisation group at Chisenhale Dance Space since 2008.
